Model: Kai
Manufactured in: Spain-Europe (EU)
Designers: Jean Louis Irtzoki

For the design of the Kai collection we have worked with the prestigious French designer Jean Louis Irtzoki. Together we have created a system that is characterised by a harmonious blend of solid wood and different materials such as coloured lacquer and even marble. In other words, we combine fine, high-quality materials with a range of fresher, more modern elements. The personality of each individual piece will depend on the elements used to create it, with a wide range of styles available, from the more open to the more functional, and from the more colourful to the more sober and restrained.

1. Composition

1

Configure the outside structure.

2

Add accessories, back panels and units.

4. Product maintenance

For cleaning use a cloth moistened with water. Do not use solvents or cleaning products. Avoid placing penetrating liquids, essential oils, perfumes, on top of the furniture.

5. Packaging and transportation

All our products are duly packaged (cardboard, foams and Styrofoam). Our carriers are the most demanding for the characteristics of our products.

6. Assembly instructions

All our products include assembly instructions for their correct installation.

See attached document.

Units and chest of drawers are assembled at the factory.

For any technical question, do not hesitate to contact our technical department.

7. Warranty

The products have 2 years guarantee as long as its installation is carried out by professionals of the sector and the use of the material is adequate. Treku accepts no liability for any incident arising from the mishandling of the products supplied.

Wood, being a natural product, may have small differences in texture, color and pattern. Treku is not responsible for any minor differences that may arise.

Because of its natural origin, the wood with time may suffer differences in color and texture, so we cannot ensure homogeneity of color in additional orders.
