

SOLA

Ola

A1 / A2 / B1 / B2

Inspired by the “Olas” (waves) that rise from the Cantabrian Sea in the winters of San Sebastian. A design that allows the division of spaces in a simple and flexible way, with the option to use each piece individually or to join several at the base in a modular way. The best thing about Ola is that it has its own collection of accessories to personalise it according to the needs of the space.
