Maderas

En la página derecha se pueden ver los diferentes acabados en madera disponibles para nuestros productos. En Treku utilizamos siempre maderas procedentes de dos tipos de árbol, roble y nogal, y los teñimos con diferentes barnices para conseguir la variedad de tonalidades.

La madera que ofrecemos tiene certificado FSC. Esto quiere decir que nunca provienen de lo que se llaman fuentes inaceptables respetando así la normativa respecto a la sostenibilidad de nuestros bosques. En Treku existe una larga tradición, que ha pasado de generación en generación, en el proceso de selección de las más bellas maderas así como en su teñido consiguiendo así un resultado final que marca la diferencia. De esta forma cada mueble tendrá su propia personalidad ya que la madera provendrá cada vez de un roble o nogal diferente.

Woods

The page on the right shows the different wood finishes available for our products. At Treku we always use wood from two types of trees, oak and walnut, and we use different stains and varnishes to achieve the range of colours.

The wood we offer is FSC certified. This means that it never comes from what are known as unacceptable sources, and in that way, we respect the laws surrounding the sustainability of our forests. At Treku we have a long tradition, passed from generation to generation, in the process of selecting the finest woods and staining them to achieve a final result that really stands out. As a result, each item of furniture has its own personality, as the wood for each one comes from a different oak or walnut tree.
